CHESTER TWP. FIRE RESCUE

Dear Friend,

On behalf of our students, parents, and staff we would like to thank you for your bravery and help on Monday, January 24, 2011. Thank you for coming to the aid of our town and families during the horrible gas leak that led to many explosions, fire, and chaos. Upon returning to school, we could see the worry and stress this event caused our students, which is evident by some of the things they wrote in the cards and letters to you; some of which are included with this letter. After reading what one first grader wrote, "thank you for saving my town because I thought I might die", we realized how traumatic that day was for our students. Writing can be very therapeutic so we wanted to share our students' thoughts with you. As a school community we are very grateful for your willingness to brave the elements and danger to assist us that scary day.

Please make as many copies of this letter as necessary to post at your various stations, offices, and buildings so that all our heroes can be appreciated. Again, thank you very much.

Sincerely,
The Students and Staff
